

# Expo parking

## Unloading, loading and parking information

Every year we have people report that they came to see the Expo but could not find a parking space. If exhibitors use the designated parking on this map, we can accommodate more than 100 additional visitors' cars, which translates into more than 200 additional people who are potential customers for your business.

Both entrances marked above are available for exhibitors to use Friday evening, Saturday morning until 7:30 a.m. and on Saturday afternoon after 2 p.m. If you set up after 7:30 a.m. Saturday morning or must leave earlier than 2 p.m. on Saturday afternoon, you are asked to use the west entrance door #29 (on the left side above) so that you do not disturb other exhibitors and Expo visitors.

Please call 374-6531 or 374-6342 if you have questions. We look forward to seeing you Saturday.
